REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance:

The prior art does not show or fairly suggest the claimed invention of a zoom lens system having the claimed structure and claimed limitations, wherein a rejection under 35 USC 102 or 103 would be improper. Please particularly note the combination of claimed elements and claimed limitations, including the amendments to the claims and arguments filed on 1-30-08, at pages 8-9 of the remarks. Therefore, in light of the Applicants' arguments and/or amendments, the claimed invention is considered to be in condition for allowance as being novel and nonobvious over the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

2. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

The U.S. Patent Pub. to Sueyoshi (US 2005/0007678 A1) discloses a zoom lens system having five lens groups and a reflective prism in the first lens group. However, Sueyoshi does not teach or fairly suggest that the prism is a negative prism, as the claimed invention presently does.
